COFFEE ESTATE AND LANDS FOR SALE

Wednesday May 27, 1896

th 12 o'c'ock noon of said day at my sales rooms on Queen street, in Homolulu (unless sooner disposed of at private saie) the following described property, namely:

A tract of land about 2,300 acres in fees imple situate at Koio and Oleiamoans In South Kona, Island of Hawaii, about eicht aniles by a good road from Hookena, one of the largest villages in Kosa Tarak and the largest villages in Kosa Tarak and the largest villages in Kosa Tarak and the cellent landing on the land itself from where the coffee and other produces could be shipped and a good site for a mill near the landing Fifty acres of land are in coffee. Roughly estimated there is about seven hundred acres of splendid coffee land lying all in one block on both sides of the Government Read: Eight hundred acres lying above and to the East of the seven hundred acres above mentioned is also excellent land and although at a higher altitude is no doubt also well adapted for coffee culture. The lower land below the coffee belt is suitable for princepples and sisal. There is a drying house, store and work rooms, a Gordon's Fujer, laborers quartersand water tanks at the plantation and the land is nartly walled. There has

work rooms, a Gordon's Pulper, laborers quarters and water tanks at the plantation and the land is partly walled. There has never been any blight on this land, although coffee was planted there a great many years ago. Old residents of Koua like the late D. H. Nahimu. J. W. Kualmcku and others have testified to this fact. There is a sea fishery appurtenant to Olelomoana l.

Terms cash or part of the purchase price can remain on mortgage at eight per cent. per annum. Deeds and stamps at the expense of purchaser.

A map of the property can be seen and further particulars obtained at my sales room

A TERRIBLE CASE OF ECZEMA

Sty Gauchier was afficient entry Eczema of the most aggravated type. The disease first appeared in emptions on her head, then her hair hegan to fall out, and in spite of the best medical advice and treatment she grew steadily worse. The sores were full of matter and were extremely offensive. Her eyes became affected, and she was, in truth, in a terrible state. My neighbors were very sympathetic and took great interest in the case. They persuaded me to try Aver's Sarsaparilla, and I am most thankful to be able to say that this wonderful medicine completely restored my daughter's health. She has now as good a head of hair as anyone could wish, her eyes are perfectly well, and she is a fine girl of eight years with every prospect of growing up to be a strong and healthy woman.

desires us to publish the following extract from a letter of Chas, M. Curfeld, of Reedley, Fresno Co., Cal., as he handles the remedy referred to and wants his customers to know what a splendid medicine it is:

"It is with pleasure I tell you that by one day's use of Chamberhain's Cough Remedy I was relieved of a very severe cold. My head was completely stopped up and I could not sleep at night. I can recommend this remedy." A cold nearly always starts in the head and afterwards extends to the throat and lungs. By using this remedy freely as soon as the cold has been centracted it will core the cold at once and prevent it from extending to the lungs.
